

# What is KidCheck

KidCheck is a secure children's check-in system that enhances your childcare provider's security system and helps ensure no one can pick up your child without your consent. We know the importance of safety when considering a childcare provider and by choosing one that uses KidCheck you can be assured they have your child's security as a top priority. Thank you in advance for partnering with us and your childcare provider to keep them in good hands.

## How KidCheck Benefits Parents

### Child Safety

- Easily create and update a list of who can pick up your children, and if appropriate, who cannot
- Upload photos of children and guardians for added security
- Provide medical and allergy information and alerts

### Secure Information

- No one sees you or your child's information until you check-in to their facility
- KidCheck uses the same secure data technology as banks to keep your information safe
- KidCheck never asks for personal identification such as Social Security numbers, credit cards or banking information and we will never sell the information we do gather

### Convenient

- Speedy check-in, simply input your 10 digit phone number
- KidCheck is web based so you can access and modify your account from anywhere
- Text messaging notifications when your child is checked-in or checked-out, or in case of emergency

### Control

- You're in control of your account information so you know it's correct and up-to-date
- Create and update your free account from the comfort of home
- You choose the photos you want to upload

### Check-in Anywhere KidCheck Is

- Once you have an account, you can check-in at any facility using KidCheck – your church, daycare, the gym, activity center or more

Create your free KidCheck account at [go.kidcheck.com](http://go.kidcheck.com). Signing up is easy and only takes a few minutes.
